ABSTRACT

This catalog, which describes over 350 projects, is the ninth in a series of annual listings intended to inform adult educators about projects funded under Section 310 of the Adult Education Act. The projects are organized according to the following areas: administration, assessment, community linkage, computer-based programs, correctional education, counseling, diploma programs, disabled adults, dissemination, employability, English as a second language, general educational development, life skills, literacy, recruitment, staff development, technology, and volunteers. Each project description contains some or all of the following: project title, contact person, funding data, objectives, and products generated. Appendixes to the catalog include a cross-reference index and a list of State directors of adult education. (MN)

INTRODUCTION

The Catalog of Adult Education Projects for Fiscal Year 1986 is the ninth in a series of annual listings of special projects and staff development programs. It is designed to keep the field informed about projects funded by States under Section 310 of the Adult Education Act.

Eighteen categories were chosen to represent the subject areas for the 350 + projects listed. Since many projects reflect a combination of subjects, Appendix A identifies the additional areas addressed by such projects.

Over 200 products are scheduled for development by these projects. To obtain information about the projects or their products, please use the project contact as your starting point, or contact the appropriate state director (Appendix B). Most projects will be completed by June, 1986.

James Parker developed and edited this catalog; Frances Littlejohn prepared the manuscript.
